Re: United States of America v. Abbott Labs

Dear Mark:

I am enclosing 26 CDs Bates labeled ABT-DOJ 0309974-0309999. These CDs contain the direct and indirect sales data from 1991 - 2003 for the 44 NDCs named in the DOJ's complaint. We are also providing file layouts for this data bates labeled ABTDOJ 0310000-0310003.

The direct sales data contains three additional fields that were not contained in our previous production. These fields have been recently added to the data but do not contain any historical information and therefore are populated with empty string values. These fields, DESC SZ STERN, SZ DESC, and DOSE DESC are contained on the file layout.

Please call me with any questions.

Sincerely,

Carol P. Geisler

Subject: Transactional Data

We received your package containing the CDROM's containing Abbott's sales data and we will review them to confirm the contents. However, your cover letter indicated that data was only being provided for 44 NDC's which I take to mean you have not included any data for acyclovir sales despite our many requests therefore. Pursuant to the Court's comments in the 11/5 hearing where she indicated she would allow amendment to add the Acyclovir claims, please immediately send the transactional data on those NDC's as well. Thank you.
